It is prohibited to copy, modify or publicly transmit (including the making transmittable in the case of the interactive transmission) all or part of this CD/DVD-ROM without the advance permission of Suzuki Motor Corporation, regardless of the media used, with the exception of copies made for personal use. This applies whether the documentation is purchased by a corporation or an individual. Unauthorized use may lead to civil damages being sought or criminal prosecution.

System Requirements for CD/DVD-ROM Playback

Hardware

A 1024 × 768 pixels or more monitor

Software

OS: Microsoft[®] Windows[®] XP / Vista / 7 (32-bit)

Recommended Browser: Microsoft[®] Internet Explorer 8.0 / 9.0 / Mozilla Firefox 3.6 / 8.0

Plug-ins: Adobe[®] Reader[®] 6.0 or later, Adobe[®] Acrobat[®] 9.2 or later (Microsoft[®] Windows[®] 7 (32-bit) only),
Adobe[®] Flash Player[®] 7.0 or later, Adobe[®] SVG Viewer 3.0

Caution:

We do not guarantee proper operation when using specification combinations or versions other than those indicated above.

- Microsoft, Windows 98, Windows NT, Windows 2000 and Windows XP are the trademarks or registered trademarks of Microsoft Corporation in the USA and other countries.
- Adobe, Reader and Flash Player are the trademarks or registered trademarks of Adobe Systems Incorporated in the USA and other countries.

CD/DVD-ROM Startup and Operating Method

Insert the CD/DVD into the CD/DVD drive. “TOP MENU” starts automatically.

For details about the subsequent operations, click “How to read” on the lower right of “TOP MENU”.

Caution:

- If the CD/DVD does not start automatically after a short time, click [Top] folder → “TopFrame.html” in the CD/DVD.
- To restart the CD/DVD, remove it from the CD/DVD drive and then reinsert it.

Caution (continued):

- If the following setting is not available, the information won't be displayed properly.
1. Click [Start] – [Control Panel] – ([Network and Internet Connections] -) [Internet Option], in order to open [Internet Properties].
 2. Click [Advanced], check the box in the following red square, and click [OK].

TOP MENU

When the CD/DVD is inserted into the CD/DVD drive, this “TOP MENU” starts automatically. The underlined blue words are links. Click on a link to display the corresponding screen.

Screen Description:

A Display Language Tabs

Click one of the Display Language tabs to switch the operation buttons and table headers into the selected language.

Display Language Example: (French Display)

B CD/DVD Title

Displays applicable models covered by this CD/DVD.

C Model Selection

Displays a model list to select the applicable manual.

D VIN Search

Displays a screen to search a model from VIN.

E Manual List

Displays a list of all the manuals including this CD/DVD.

F Plug-in

Displays information about the plug-ins that are required for reading the manuals on the CD/DVD.

G How to find

Displays the “How to find” file, which explains the usage of this CD/DVD.

C VIN List

Displays "VIN LIST". (For more information, refer to [VIN LIST])

D To top of this page

When scrolling is needed to display the whole page, this links back to the top of the page.

VIN SEARCH

VIN SEARCH

The screenshot shows a 'VIN Search' form. At the top left is the title 'VIN Search'. Below it is a text input field labeled 'Input VIN' with a red box around it and a red arrow labeled 'A' pointing to it. To the right of the input field are two buttons: 'OK' (labeled 'C' with a red arrow) and 'Reset' (labeled 'D' with a red arrow). Below the input field, there is text indicating '17 or 12 digits' and an 'Example' with three VINs: '-TSMMA31S00300452 (for 17 digits type)', '-JS3TE94164#100001 (for 17 digits type, #: Check digit)', and '-HA2S-240034 (for 12 digits type)'. At the bottom left is a button labeled 'VIN List' with a red box around it and a red arrow labeled 'B' pointing to it. At the bottom right is a button labeled 'Top' with a red box around it and a red arrow labeled 'E' pointing to it.

You can search for corresponding models by inputting the VIN and display a list of the related models. The underlined blue words are links. Click to display the corresponding screen.

Screen Description:

A Input VIN Box

Input the VIN (12 or 17 digits, including hyphens).

B VIN List

Displays "VIN List". (For more information, refer to [VIN LIST])

C OK

After inputting the number into the Input VIN box, click this button to run the search.

If the input number is correct, a list for the corresponding model is displayed.

- If the input VIN is not 12 or 17 digits:

Displays the [Input "VIN" is invalid] error message.

- If there are no corresponding vehicle types for the input VIN:

Displays the [There is no applicable data] error message.

Search Results Example: (When JSAJTA74V00234567 was searched)

The screenshot shows the search results for VIN JSAJTA74V00234567. At the top left, the VIN is displayed. At the top right is a button labeled 'Top'. Below the VIN, there is a table with 7 columns: Model Name, Model Code, Engine, Type, Start of Production (Year, Month), Remarks, and Applicable Manual. The table contains one row of data for the GRAND VITARA. Below the table, there is a button labeled 'VIN List' and a button labeled 'To top of this page'.

Model Name	Model Code	Engine	Type	Start of Production (Year, Month)	Remarks	Applicable Manual
GRAND VITARA	JB416	M16	2	2006.06	2006.06 minor change	

D Reset

Clears the numbers in the Input VIN box.

E Top

Returns to [TOP MENU].
